Paid time off (PTO):

All regular full-time and eligible regular part-time, non-exempt associates are eligible to receive paid time off (PTO) under this policy based on the associate's length of service as noted below. A full-time associate is any associate who is regularly scheduled to work thirty (30) or more hours per week. A part-time associate is any associate who is regularly scheduled to work between twenty (20) and twenty-nine (29) hours per week. Full-time associates are eligible to receive PTO on the 61st day following hire. Part-time associates do not receive PTO until they complete 12 months of service. Part-time associates working fewer than twenty (20) hours per week are not eligible for PTO.

The amount of PTO available to eligible associates is based on the associate's length of service and scheduled hours in Workday. PTO is granted on the 61st day following hire and every Jan. 1st and July 1st thereafter. An associate's first grant of PTO upon hire or upon eligibility will be pro-rata based on PTO eligible days in the relevant semi-annual grant period. All grants will be based on the associate's tenure and scheduled hours as of the date of the grant. If an associate's tenure or scheduled hours change, no adjustment will be made until the next semi-annual grant. PTO grants are provided based on the following schedules:
